

TOWARDS A DOCTORAL CAMPUS OF EXCELLENCE

The Doctoral School of the University of Zaragoza (EDUZ) was created in 2012 to lead the strategy for doctoral training in our university.

The EDUZ is committed to making it easier for all its PhD students *to move from the academic environment, based on knowledge, to a professional environment based on competences, skills and experience* (Principles of Salzburg). Its 47 doctoral programs offer academic excellence and personal closeness within a rich and diverse work con.

The students of the Doctoral School benefit in their activities and mobility from belonging to the University of Zaragoza to the following university consortia:

- **Grupo 9 universidades (G9)** fomed by the following Spanish universities: Cantabria, Castilla La Mancha, Rioja, Extremadura, Illes Balears, Oviedo, País Vasco, Pública de Navarra y Zaragoza.
- **Campus de Excelencia Internacional "Iberus"** fomed by the following Spanish universities: de Zaragoza, Universidad Pública de Navarra, La Rioja y Lleida.
- **Universidad Europea UNITA** fomed by the following universities: Zaragoza, Beira Interior, Pau, Saboya Montblanc y Timisoara
